PROGRAM DESCRIPTION

Managing Diabetes Takes More Than Magic!

February 18, 2017 - Marriott Hotel - Jackson, Mississippi

Be part of the Diabetes Foundation of Mississippi's exciting and transformed 2017 Super Conference and take charge of your diabetes in the New Year! Join nationally renowned diabetes experts to learn about their secrets to being successful and living well with diabetes.

The Super Conference is a community outreach program designed to provide education for people who have type 1 or type 2 diabetes, their families, caregivers and health professionals who work with adults and children with diabetes.

Speakers include national and local clinicians, researchers and diabetes advocates who will offer informative breakout sessions tailored to individual needs. A mini session of Camp Kandu is available for children with diabetes (ages 6-12), as their parents attend the sessions. The Foundation will take the first 10 children who register.

Let the DFM provide you with an experience that will motivate you and change your life!

Registration will start at 8:00 a.m. and the sessions will begin at 9:00 a.m.

WHO SHOULD ATTEND?

Adults with type 1 or type 2 diabetes - Spouses or family members of people with diabetes - Parents and grandparents of children with diabetes - Kids with diabetes - Healthcare professionals who work with kids and adults with diabetes - Church Health Ministers

Anyone who cares for someone with diabetes!

SPEAKERS AND MODERATORS

Speakers:

Elaine Moreland Apperson, MD - Dr. Apperson is a pediatric endocrinologist in Greenville, South Carolina. She received her medical degree from the Medical University of South Carolina and completed her residency training at Vanderbilt University. Dr. Apperson did her fellowship in endocrinology at Massachusetts General Hospital in Boston and was on faculty for the Joslin Diabetes Center afterward. She enjoyed four years at UAB Children's Hospital. She is currently affiliated with the University of South Carolina School of Medicine and the Greenville Health System.

Autumn Douglas, RD, CDE - Autumn Douglas is a registered dietitian and certified diabetes educator. She is currently the Clinical Services Manager for Insulet Corporation. She is responsible for preparing and training patients to be successful with insulin pump therapy. Autumn received her B.S. degree in dietetics from Nicholls State University in 1999 and has been a Certified Diabetes Educator since 2003.

Reagan Schiefer, MD - Dr. Schiefer is an endocrinologist with the Diabetes and Endocrine Center of Mississippi (DECM). She received her medical degree from the University of Mississippi Medical Center, where she also completed a fellowship in internal medicine. Dr. Schiefer also completed an endocrinology fellowship from the Mayo Clinic and is board certified in internal medicine, endocrinology, diabetes and metabolism. Dr. Schiefer serves as a member on the Board of Directors for the Diabetes Foundation of Mississippi.

Moderators:

Daniel T. McCall, IV, MD - Dr. McCall is an endocrinologist at the Hattiesburg Clinic. He graduated from the University of Alabama School of Medicine in Birmingham and completed his post graduate training at the University of Colorado Health Science Center in Endocrinology and Metabolism. Dr. McCall serves as a member on the Board of Directors for the Diabetes Foundation of Mississippi.

Robert Hugh Dozier - Robert Dozier currently serves as the Executive Director of the Mississippi Independent Pharmacies Association (MIPA) and has since August 2004. Robert served as the Vice President for Governmental Affairs for the Louisiana Independent Pharmacy Association before coming on board with MIPA. He is a native of Louisiana where he graduated from Louisiana State University and serves as a member on the Board of Directors for the Diabetes Foundation of Mississippi.

Lillian Lien, MD - Dr. Lien is a professor of medicine and division chief for endocrinology, metabolism and diabetes at the University of Mississippi Medical Center. Dr. Lien graduated from the Duke University School of Medicine in 1999 and completed her residency in internal medicine and her fellowship in endocrinology, metabolism and nutrition at Duke University Medical Center. Dr. Lien's research interests include in-patient diabetes, intravenous insulin, obesity and the metabolic syndrome. Dr. Lien serves as a member on the Board of Directors for the Diabetes Foundation of Mississippi.

Marisa E. Hilliard, PhD - Dr. Hilliard is a clinical psychologist and behavioral scientist whose work focuses on clinical care and research with people with type 1 diabetes and their families. Her passion is promoting resilience, and her research focuses on how people with diabetes and their families overcome the challenges of diabetes to maintain good quality of life. Dr. Hilliard is an Assistant Professor of Pediatrics at Baylor College of Medicine in the Psychology Section of Texas Children's Hospital in Houston, Texas.

Leslie Junkin, Mississippi Parent Training Institute - As an advocate for individuals with disabilities and their families for over a decade, Leslie has presented extensively in the areas of IDEA, Transition from Part C to Part B, Advocacy Skills and Parenting a Child with a Disability. She is the Assistant Director/Community Outreach and Training Coordinator for MSPIT and has been a Parent Liaison with Early Intervention for the past 12 years.

Ben W. Seale Jr., MD - Dr. Seale is an endocrinologist at the Diabetes and Endocrine Center of Mississippi. He graduated from the University of Mississippi School of Medicine in Jackson as well as completing his residency and fellowship at UMMC. Additionally, Seale is a member of numerous professional societies, which include the American Association of Clinical Endocrinologists, the American Medical Association and the Mississippi State Medical Association. Dr. Seale serves as a member on the Board of Directors for the Diabetes Foundation of Mississippi.
